Dear Ms. Stewart:

This letter is being written to formalize the finding made by Ms. Nenita Odesa in her email of August 26, 2008 (attached) that she concurred with your assessment that your fabric covering system per STC SA01734SE is compatible with other fabric covering systems, and it is acceptable to use the Stewart Systems fabric system to refinish and repair aircraft which employ other fabric covering systems.

Please feel free to contact Mr. Richard Simonson at (425) 917-6507 for any further assistance you may require in this matter.

Sincerely,

for

Phil Forde
